

Mill Creek

Quality Suet

Quality testing proves that good ingredients make a difference

Garden Friendly™
Specially blended so it will not grow in the garden or on your lawn.

Sunflower
Attractive to all suet eating birds and loaded with black oil sunflower seeds.

Muskoka Mix
Suet is mixed with one of our most popular seed blends.

Fruit & Nut
Loaded with large pieces of dried fruit and assorted and unsalted nuts

Pure Suet
Although pure suet is not as attractive to birds it is not attractive to squirrels either

Summer Suet
Summer Suet is made specifically for the warm summer months. It will stay firm when the weather is hot and it is very attractive to all birds

No millet
lots of peanuts

lots of millet

- Notice the high amount of millet in the low cost suet.
- What percentage of millet do you think is in the low cost "suet"
- Woodpeckers do not eat millet!
- The suet on the left was placed outside **1** week ago
- The "suet" on the right was placed outside **8** weeks ago
- Which is the better value?
- Which has had more birds in the past week?

Clean & Easy Suet

Mill Creek suet uses the finest ingredients to attract all suet eating birds. There is no greasy mess when you use our Clean & Easy suet. Simply remove the jute rope and hang the suet that is already in the net.

Squeeze Tube Suet

Perfect for filling suet logs without the mess. Simply squeeze the Mill Creek suet onto the holes and watch the woodpeckers
